

# Academic Renewal Policies & Comparison Chart: *Updated*

All Reportage Is Based on Research

*Academic Forgiveness* or Repetition of a Class (Not This Issue): This process allows a student to retake a course where a D or F was earned, earn a higher grade upon repetition, and have the original lower grade lined out but still visible in the transcript. Only the new grade is calculated in the OCC GPA; the old grade is "forgiven" as per OCC's GPA calculation, but permanently visible on the transcript.

*Academic Renewal/Academic Forgiveness* or Non-repetition of a Class (This Issue): This process allows a student to have an entire substandard semester "academically renewed" by having the entire semester taken out of the OCC GPA calculation (with a few exceptions); the courses will not necessarily be repeated. The old grades are "forgiven" as per OCC's GPA calculation, but permanently visible on the transcript. This is allowed for at most, two semesters. *This is the policy now in the District. As reported to the Senate, OCC's Counseling Dept. has not been consistently following this policy, but allowing some counselors to let students select individual courses for academic renewal. The District Code of Professional Ethics AP 3050, requires that employees act within District policies and procedures. Therefore, the policy has been revised by this department and presented to the District for a formal change.*

(a) The governing board of each community college district shall adopt and publish policies and procedures pertaining to the alleviation of previously recorded substandard academic work, as defined in section 55000, which is not reflective of a student's demonstrated ability. Such policies and procedures shall include a clear statement of the educational principles upon which they are based, and shall be referred to as academic renewal procedures. When academic renewal procedures adopted by the district permit previously recorded, substandard course work to be disregarded in the computation of grade point averages, the permanent academic record shall be annotated in such a manner that all work remains legible, insuring a true and complete academic history.

(b) Policies and procedures adopted pursuant to subdivision (a) shall not conflict with: (1) section 55025 of this subchapter and Education Code section 76224, pertaining to the finality of grades assigned by instructors; or (2) chapter 2.5 (commencing with section 59020) of division 10 of this part pertaining to the retention and destruction of records.

(c) The policies and procedures adopted pursuant to subdivision (a) shall address all of the following: (1) The maximum amount of coursework that may be alleviated; (2) The amount of academic work to have been completed at a satisfactory level (minimum 2.00) subsequent to the coursework to be alleviated; (3) The length of time to have elapsed since the coursework to be alleviated was recorded; (4) A description of any specific courses and/or categories of courses that are, for any reason, exempt from consideration under the alleviation procedures; (5) The procedures to be followed by students in petitioning for alleviation; and (6) The personnel responsible for implementing the procedures.

Note: Authority cited: Sections 66700 and 70901, Education Code. Reference: Sections 70901, 70902 and 76224, Education Code.
