6. OpenForum:

- x President Fawcett said that the Academic Senate established some specific goals for the year. He said Classified Senate should align with some of those goals. Some of them include concern and consideration about Artificial Intelligence (AI) and ChatGPT, DEIA programs, cultural awareness, safety on campus, climate action focus, equity and supports,
- x Scott Borberg suggested for the District to register for Chat GPT and grant access to be able to practice and use without having to use a personal account. Personal cellphones should not be required to create an account.
- x Cecilia Schreyer would like to see sustainability in the Classified Senate mission and employee help, including exercise.
- x Eric Wilson: they did a survey and summarized that AI and Chat GPT are big topics right now. He would like to educate employees on what those tools are. AI has been around for a long time. It is not new. Google and Turnitin are a form of AI. We need to teach students how to use AI responsibly
